VOL. LV. NO. 65

WHOLE NO. 3747

Nominations Completed Shortly After Midnight.

Many Surprises Follow Vote by Precinct Delegations.

Nominations by the Republican county convention last night are in the main satisfactory, according to the general expressions of opinion heard after the shouting was all over, although there was some surprise that men whose record in office has been of the best should have been beaten for renomination. The nomination of Col. Sam Parker strengthens the ticket and gives hope that the highest office in the gift of the city will be captured by a Republican in sympathy with the other rulers of the city and county.

The renominations of David Kalauokalani, Jr., as county clerk, and the renomination of James Bicknell for auditor, were foregone conclusions. Robert Parker as the nominee for sheriff has a hard fight ahead of him as against Jarrett. Kalauokalani , Bicknell and Catheart were all nominated by acclamation. For treasurer Theodore F. Lansing received sixty-eight and Mr. Smithies 253 votes, upon which Mr. Lansing moved that the nomination be made unanimous.

Great interest centered in the nomination for mayor. There were only two candidates who were worth considering as possibilities—Colonel Parker and Eben Low. Colonel Parker received 250 votes and Low fifty-seven.

The balloting for the supervisors took time and was the cause of much argument in the various delegations, but the results were rather overwhelming in favor of the seven men finally chosen. Why some of them were chosen in place of those turned down is still a puzzle to many of the delegates.

Oscar Cox as the presiding officer of the convenntion was the right man in the right place and gave great satisfaction by his fairness and impartiality. Secretary Marcallino made an excellent one. From start to finish the proceed-

Outside of the nominations the most interesting feature of the convention yesterday was the fight over the secret ballot, the majority report of the rules committee in its favor being beaten: Morning Session.

The convention went into session yesterday morning, both the Kuhio and business men's factions claiming to be in the majority. Long before the convening hour the delegates began to gather and at ten-thirty o'clock Col. Sam Parker, chairman of the coun-ty central committee, using his goldry central committee, using his gold-mounted came as a gavel, rapped that delegates to order and read the official call for the convention. He then in-structed his secretary, John H. Wise, to proceed with the temporary roll-call, after which, a quorum being pres-ent, the colonel announced that he would entertain a motion for the nom-ination of a temporary chairms as instion of a temporary chairman as well as a secretary. There was much promiscuous firing from the pits opposite the Utah Copper Works this morning, where about 1000 men were intreached. George W. Dwyer, superintendent of the Utah Copper Works, and some of

the bookkeepers went to the mine and have not been molested. All of the property of the mining companies is undamaged, and the Utah Apex Company is going on as usual under an agreement with the union, deputy sheriffs are being sent in as fast as they can be recruited.

Developments of the immediate fu-ture seem to depend almost entirely upon the success of Governor Spry in persuading the strikers to surrenuer the mines, give up their arms and wait the success or failure of the mine man-agers in efforts to fill their places or figure out means by which their de-mands could be granted.

to Advance in Case of Opposition.

(By Federal Wireless Telegraph.) MANAGUA, Nicaragua, September 19 .- (Special to The Advertiser) -- For the last three days, the Nicaraguan government forces have been attacking Masaya, the southern headquarters of the revolutionary army, about twenty miles from the capital. The troops have succeeded in reaching the outskirts of the city, forcing the rebels to etire to the fortress on Barranca Hill.

Major S. D. Butler, commanding a battalion of United States marines, left Managua today to open the National Railroad to Granada, on Lake Nicaragua, and to do this it was necessary to pass through Masaya. At the train approached Masaya, it was fired on by the insurgents and the engine came to a standstill. The fire contin-uing, the train was backed out of range

of the rabels' guns.

Major Butler sent a note to the insurgent commander stating that his object was to open the railroad and that he desired to do it peaceably. The note added that if no answer to the message was received by four o'clock in the af-

ternoon the marines would advance. General Zeledon, the insurgent commander, agreed to meet Major Butler and talk over the situation tomorrow morning.
